Thanks! And fyi, I am working from home today. Will be sending my usual "Where's Laurie?" shortly.

The notices that were in my mailbox when I got in today were stamped received 9/29, so if notice of the settlement was sent 9/30 (the date of the email below), it may just take a few days for it to reach us.

Totally possible. If I can find out who the NRDC attorney is, we could call and ask for it directly if it doesn't show up in the next day or so.

I don't believe I have come across this one—is it possible it hasn't reached ORC yet?

Can you see if we recently received a settlement document for this case? Don't have case number, just parties, but the case involves the LA MS4.

I understand the settlement agreement has been submitted to USEPA. Can you please provide a copy to the state?
